

Power point making activity

Date: 13/08/2020

Time: 9:00 am -11:00am

Number of students: 11

Class: S.Y. DMLT

Organized by: DMLT department

Power point making was organized by the department of chemistry. Power point making activity was held on 13 August 2020.it was organized for F.Y. DMLT.

The students of F.Y. DMLT prepared their own ppt with the help of their coordinator Ms. MOMIN NADERA. All the students prepared their ppt by using their creative and innovative skill. It was presented very nicely with beautiful transition effect. The topics were from their syllabus.i.e

- Introduction to biochemistry lab
- Glasswares
- Solutions and Reagents
- Carbohydrates
- Training the technician.
- Equipment and Instrument

The purpose of the power point making activity is to encourage the students towards their further studies and to overcome the problems arrived while they studied. The aim behind was to encourage them for self-study and to do something on their own. So that the students learn the new techniques of power point.

The students cleared their doubts by asking the questions to their respective professors. The students of S. Y. DMLT made ppts using their innovative skill.

Power point making activity

Date: 06/02/2021

Number of students: 22

Class: F.Y. DMLT

Organized by: DMLT department

Power point making was organized by the department of chemistry. Power point making activity was held on 6th February 2021.

The topics of PPT distributed among the students. The students of F.Y. DMLT prepared their own ppt with the help of their Incharge. Ms. MOMIN NADERA. All the students prepared their ppt by using their creative skill. It was presented very nicely with beautiful effect. The topics were from their syllabus. i.e

The purpose of the power point making activity is to encourage the students towards their further studies and to overcome the problems arrived during understanding. The aim behind was to encourage them for self-study and to do something on their own. So that the students learn the new techniques of power point.

The students of F. Y. DMLT made ppts using their innovative skill.

REPORT: Science Day Celebration

Date: 28th February 2021

Location: Aqsa Women's Degree College, Bhiwandi.

Category: DMLT Department

Beneficiaries: all Student of DMLT.

DMLT Department of Aqsa Women's Degree College celebrated science Day on 28th Feb 2021. National Science Day is celebrated to bring out inner skill and hidden brilliance of students. The purpose to give some direction to students thinking. The aim behind was:

- **To inculcate creativity and innovation in students.**
- **Spread a message about the Importance of science used in the daily life of the people by the students**
- **Give an opportunity to the scientific-minded citizen in the country.**
- **Encourage students as well as popularize science and technology.**
- **To introduce science labs and techniques used in science lab.**
- **To make student familiar with equipments and instruments used in science laboratory.**

Department of DMLT organized CHART MAKING PROGRAMME on the occasion of NSD .The students of DMLT took part in the event.The students made chartsonvarious topic of their choice related to lab techs. Under the guidance of their respective subject teacher Ms. NADERA MOMIN.

Students draw the charts of analytical instruments, lab techniques, semi micro analysis. They also made charts on Lab Safety rules, biomedical waste management. Students participated enthusiastically and made chart to show their hidden skill, creativity, innovation and skills.

REPORT on Chart Making Activity on Topic KNOW YOUR SCIENTISTS

Date: 17th March 2021

Time: 10:00am to 1.00 pm

Location: Aqsa Women's Degree College Bhiwandi

Category: Department of DMLT

Beneficiaries: Student of F. Y. DMLT

Department of DMLT organized a chart making activity. The students of F.Y. DMLT took part in the chart making activity. In that particular event the student drawn the different charts on Scientists along with their Noble works.

The students share their knowledge and put their efforts by making charts on the favorite scientist of their choice. The activity was done in group of students and individual participation.

The activity was conducted in the class room only. The charts prepared by the students were put on the walls of chemistry lab. The students actively participated in the activity and enjoyed the event a lot.

Seminar report

Date: 10/03/2021

Time: 9:00 am -11:00am

Number of students: 11

Class: S.Y. DMLT

Organized by: department of DMLT

The department of Commerce organized a seminar, the topic of the seminar was theories of Environmental studies.

The topics were from Environmental studies. The seminar was given by student of S. Y. DMLT. The purpose of the seminar was to bring interest amongst the student and to encourage them to promote discussion, compare alternative study designs, and let them understand the theories with Chalk-Board seminar and foster the development of new sources.

Sessions were organized around common themes, to facilitate discussions and the emergence of new, revised methods of teaching. The topics discussed were:

Approximately 11 students attended the seminar from S.Y. DMLT. The seminar was well concluded by the question and answer session between the students and the lecturer.

Report on Online Video presentation activity.

Date: 22nd January 2021

Location: Aqsa Women's Degree College, Bhiwandi

Category: Department of DMLT

Activity on: Online Power Point Presentation

Beneficiaries: Students of F.Y. DMLT

The DMLT Department of Aqsa Women's Degree College organized an online video Presentation on 22nd January 2021. Students actively participated and presented their respected topics in detail.

The activity was a good opportunity to display the collaborative efforts of students. It brought forth a lovely amalgamation of intelligence, research, and creativity. Not only the students have to gather information on the topic but also find innovative ways of putting them across.

The videos encompassed a variety of topic namely:

- Units and measurements
- Temperature and its measurement
- Heat
- Work, Power and Energy
- Surface tension
- Rotational motion.

Report on Online Guest Lecture.

Date: 19th June 2021

Category: Department of DMLT

Activity on: Guest lecture programme

Beneficiaries: Students of F.Y. DMLT

The department of DMLT, Aqsa Women's Degree College, Bhiwandi, organized a two hour educational guest lecture on CLASSIFICATION AND NOMENCLATURE OF ORGANIC COMPOUNDS, on 15th September 2017 for F.Y DMLT students. Lecture was organized as per SNTD University guidelines and recommendations regarding syllabus of F.Y DMLT.

Guest lecture has organized with the prior permission and guidance of honourable in charge of DMLT department. The Guest Speaker for the session was Mr. Liyaqat who is currently designated as the teacher, in KMES Jr. college, Bhiwandi. He is an esteemed personality.

Mr. Sayantan has over 6 years of diverse functional experience. The aim of the guest lecture series is to equip students with the latest theories and practices in the modern Organic Chemistry. This guest lecture series will aim to pool the ideas of academicians and practitioners for enriching the students' community.

At the end of the guest lecture, two students gave their feedback, and explained how they were benefited by the lecture. Earlier, Nadera Momin Assistant Professor of Chemistry, DMLT department introduced the speaker to the students and welcomed him. Prof. Fareha Momin, In charge of DMLT department, proposed the vote of thanks.

Report on Science Exhibition.

Date: 8th September 2021

Category: Department of DMLT

Activity: Science Exhibition

Beneficiaries: Students of DMLT and Alnoor Junior College.

DMLT department organized a science exhibition on the 8th September 2021. The exhibition was spread over 4 and had a number of students and teachers participating and collaborating hand in hand to make the event successful.

This exhibition was open to students from other schools as well as their parents. The schools were given invitation cards to visit.

The event started at 10 am and continued till 4 pm. The judging panel for the day was Dr.

MubeenaPathan (BDS). She had to judge the participants that put up their display and give medals to them.

On the 8th September 2021 the event was inaugurated by Dr. MubeenaPathan. The event started by the Principal by giving a warm welcome and requested the chief guest to assist her in judgment.

The judges were accompanied by the students from FY & SY DMLT and explained all the details of the event.

The judges went to each table and meticulously marked them according to their set up.

The announcement of the winners was announced after the judge had submitted her scores.

Students had made models explaining the communication satellite, periodic table, electromagnetic waves and on concept of physics, chemistry, biochemistry, hematology, clinical pathology.

The event was a success and all the participants got a medal with a certificate.
