Report on 30hrs English Speaking Certified Course

Date: 16th March 2022 - 4th April 2022.

Time: 8:00 am to 1:00 pm

Location: Aqsa Women's Degree College, Bhiwandi

Category: Department of English

Beneficiaries: Students of Arts, Commerce, Science and DMLT (Total no: 109)

The Department of English, under the guidance of the Principal Dr. Oneza Farid, came up with an idea of 30hrs English Speaking Certified Course for the students of the College. The course primarily was meant for those students who face difficulties and are unable to acquire English language skills properly. Thereupon, through a collective effort of the Department and valuable inputs from the Principal, a module was drafted. The basic structure of the Module was prepared which included Grammar, Personality Development, Conversation Skills, Interview Training and Presentation Skills. However, the Department felt that since the course is meant for the beginners, it would be better to arrange the content module according to the requirements of the students. The course was started on 16th March 2022 and ended on 4th April 2022.

The primary focus was on spoken English, which included reading and writing sections other than speaking and listening. The Course was divided among two lecturers which were as follows:

- 1) Momin Nargis Imtiyaz (Assistant Lecturer of English)
- 2) Sayyed Zainab Sadaf (Assistant Lecturer of English)

The sessions were interactive, informative and interesting. The usage of videos, stories, comics, suggestive books and ppt helped the students to grasp the tips to learn and understand English language. There were brain-storming sessions, debates which enhanced the confidence level of the students. The response from the students was overwhelming.

Report on Personality Development Contest

Date: 25th November, 2021

Time: 10:30 am to 12:30 pm

Location: Aqsa Women's Degree College, Bhiwandi

Category: IQAC/Department of DMLT

Judges: Ms. Sana Don from Food and Nutrition Department and Ms. Momin Fareha from Chemistry Department of Aqsa Women's Degree College

Beneficiaries: Students of Arts, Commerce, Science and DMLT (Total no: 26)

Educational institute plays an important role in the personality development of students. This is the need of our as it is essential for the holistic development of students and their survival in this competitive world.

On 25th November, 2021, IQAC of "Aqsa women's degree college" organized "Personality Development Contest" for all the students of TY/SY/FY of Arts/Science/Commerce/DMLT. The contest was organized by Ms. Nazia Qureshi along with the judges Ms. Sana Don from Food and Nutrition Department and Ms. Momin Fareha from Chemistry Department of our college.

Personality development Contest started with a very creative introductory session where students had to introduce themselves in a novel way. They had to either mention an adjective or a quote which best describes them. This was followed by a discussion on the self, one's desires, dreams, passions and motivations. Students were told how important their dreams and desires are for developing the personality. They were also encouraged to be optimistic and to have a positive approach about everything in life. Most importantly, it was emphasized that they should love themselves and never loses confidence.

To sum up, it was a well thought-out contest of motivating the students to discover themselves. The most value attraction of this contest was the online certificate to each participant. Three winner names have been declared on the same day of the contest.

"Personal Development is a major time saver. The better you become, the less time it takes you to achieve your goals".....Brain Tracy

Educational institute plays an important role in the personality development of students. This is the need of our as it is essential for the holistic development of students and their survival in this competitive world.

On 1st April, 2022 IQAC of "Aqsa women's degree college" organized "Personality Development Contest" for all the students of TY/SY/FY of Arts/Science/Commerce/DMLT. The contest was organized by Ms. Nazia Qureshi, Asst. Lecturer of Aqsa women's degree college along with the judges Ms. Madoo Shagufta Commerce Department and Ms. Sayyed Zainab from English Department of Aqsa Women's Degree College.

Personality development Contest started with a very creative introductory session where students had to introduce themselves in a novel way. They had to either mention an adjective or a quote which best describes them. This was followed by a discussion on the self, one's desires, dreams, passions and motivations. Students were told how important their dreams and desires are for developing the personality. They were also encouraged to be optimistic and to have a positive approach about everything in life. Most importantly, it was emphasized that they should love themselves and never loses confidence.

To sum up, it was a well thought-out contest of motivating the students to discover themselves. The most value attraction of this contest was the online certificate to each participant. Three winner names have been declared on the same day of the contest.

INTRODUCTION

Horticulture is the section of Agricultural Science that mostly deals with ways to cultivate vegetables, fruits, flowers and herbs along with maintaining gardens, nurseries, greenhouses, landscaping and ornamental trees. Horticulture is the art or practice of growing plants for purposes of food, beauty, comfort and to source materials. The scientific knowledge imparted helps to enhance their growth and productivity. Horticulture has many aspects borrowed from Chemistry, Biology, Biochemistry, Genetic Engineering and other fields. Since there are lots of courses exploring in horticulture so we also thought of introducing short term course of 30 hours for our students. The course teaches everything about a plant, from a seed to a fully grown plant and how to take its care. It is the basic course for the beginners who are interested in planting plants but due to lack of knowledge they can't grow them properly so from this course it will be easy for them to propagate the plants which they want in their own vicinity.

Objectives of the course:-

- To inculcate the importance of studying the horticultural crops and their usage.
- To equip the students with the practical knowledge of different horticultural practice.
- To familiarize the students with different indoor and outdoor plant.
- To impart the basic skill of entrepreneurship in the students specifically in the field of horticulture.

Horticulture Student Learning Outcomes

Horticultural career opportunities are numerous and it is imperative that a student's education prepare them for a changing world and changing opportunities within the discipline. When many students arrive as freshmen they frequently want to focus narrowly on one aspect within the discipline, however, it is in the student's best interest in the long term, for them to be prepared to participate in the breadth of horticulture which will help them adapt to changing market conditions over time. Therefore the focus of the Horticulture program is the development of a well-rounded Horticulturist. Based on this philosophy, the program's is conducted. Students should achieve the same set of learning outcomes that reflect a well-rounded, educated horticulturist

When students complete the Horticulture major, they will be able to:

- Demonstrate a working knowledge and appreciation of the diversity of plants, their culture and utilization.
- 2. Apply horticultural principles to the successful growth and production of horticultural plants.
- 3. Demonstrate the knowledge, skills and attributes to be successful contributing members of the horticulture profession.
- 4. Recognize and apply ethical professional practices to horticultural applications.
- 5. Synthesize and integrate information to solve horticultural problems.
- 6. Be a critical "consumer" of information; understand the relevance and scientific basis of content they read and hear.
- 7. Communicate effectively within the discipline and also be able to transmit knowledge and skills to lay-persons in the general public.

Participants-245 students

Meal Management department of Aqsa Women's Degree College organised a short online course of on Innovative & Healthy cooking in which the students were taught to prepare healthy recipes via online medium. There was a great response and 245 students participated in this course and received certificates of participation.

In the meal management department, the T.Y.B.A students have a subject of Food Entrepreneurship which includes a practical of food fair, in which the students prepare various nutritious and innovative snacks and sell it in the college premises. But due to the current covid situation this could not be done. So we chose an online platform so that the students could learn some healthy and innovative food preparations. The students thoroughly enjoy this particular course which we could feel from their feedback forms. This activity is conducted under the supervision of Don Sana Irfan, (AsstProfessor) Meal management and Nutrition Department. Thus this online course was a grand success.
