Report on Excursion

4th January 2020

According to Francis Bacon, travelling is a part of education. An excursion is not just a pleasure but enhances the knowledge of students beyond the four walls of the classroom. To provide an enriching knowledge, Aqsa Women's Degree College organized an excursion trip to 'Hanging Garden and Juhu Beach' to study the natural surroundings and effects of human activities.

In January, 2020, 50 students along with 4 lecturers went for an excursion trip to 'Hanging Garden' with an aim to study and observe the environment. An excursion trip was for F.Y.B.A students for their Foundation Course (F.C) paper IV and was also in collaboration with Commerce Department.

Objectives:

The main objective of an excursion is to study the detail of environment and observe the changes in pollution that is affecting the environment.

Observation:

The class of F.Y.B.A was divided into 5 groups and each group is having their own topic to work on. Each group work according to their topic given by the lecturer. During the visit each group noted down the important factors about the environment and their causes for pollutions on the environment.

The students developed love for nature and understand the serene beauty of the nature. It also helps them to understand that the conservation of environment is extremely important. The surrounding of the 'Hanging Garden' provides the students the solace and tranquility that they need from their nerve-wrecking hectic schedule.

The excursion ended on 6: pm, the trip was successful and we believe that our objective was achieved. Through this excursion we learned something new and beneficial.

Report on Excursion

Date: - 22nd February, 2022

Day: - Tuesday

Time: - 8.00 am

Topic: - Excursion

Department: - Botany

Location: - Hanging Garden, Malabar Hills, Mumbai

Beneficiaries: - Students of F.Y.B.Sc.

Educational trips are the part of the curriculum and they are meant to expose the students to their actual and practical fields of work where they visit Botanical Gardens, Zoological Parks and industries, etc. During the trip they are expected to be very observant and collect information which will assist them to complete their field visit book.

Studying plants in their natural habitat is one of the interesting parts. As classroom study and field visit are complementary to each other, hence keeping these things in mind one day excursion was organized by Department of Botany of Aqsa Women's Degree College on 22nd February, 2022 at Hanging Garden, Mumbai. A group of 80 students were accompanied by Ms. Darekar Heera of Botany Department. All the students enthusiastically studied different types of plants, their habitat, and their importance they were very happy to see different types of plants like Nephrolepis, Lantana camera, Hibiscus, Ficus ben galensis, Thuja occidentalis, Helianthus annuus, Palms Calendula, etc. An excursion trip enhanced the knowledge of the students.
