Subject: Complaint letter, students facing  
problem during online lectures.

Respected Madam,

I am Memon Mohammadi Mohammad Amin, student of class FYBSc of your college, wants your kind attention towards this letter. Due to Covid-19, students are facing problems in studies as it is going online. Network problem makes everyone suffers a lot. Sometimes, we get disconnected from the meeting. And because of it, we are marked absent. Most of the times, voice gets crack and image becomes blurr. Some of the students try to connect to the meeting, but often are unable to do it. And the pathetic situation is faced by students who don't have personal cellphone. The worst condition we faced during examination. Because mostly all the students filled the exam form, but due to poor connection, it was not submitted, so marked absent. These are the major problems faced by students of FYBSc. I request you to please take certain actions so that we can concentrate on our studies.

Thanking You,  
Yours Obedient  
Memon Mohammadi.

Subject : Application regarding technical issues faced by students during online exams.

Respected Madam,

This application is to bring into your kind concern the technical issues that the students face during online exams.

The website crashes or does not open on time sometimes during the exam and this creates a lot of panic and stress for the students.

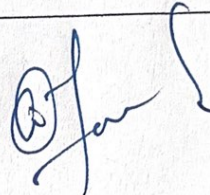

Secondly, the most important issue is that the students are inefficient in handling the website and therefore it creates a lot of mistakes while they give the exam. Hence it is important to ensure some prior instructions or guidelines as to how the website needs to be handled by the students so that it does not create last minute pressure on the students which eventually affects their results.

Hope that you will consider this soon and take the necessary actions.

Thanking You,

Your's Sincerely,

Respected Madam,

I am Memon Mohammadi Mohammad Amin, student of class FYBSc of your college, wants your kind attention towards this letter. Due to Covid-19, students are facing problems in studies as it is going online. Network problem makes everyone suffers a lot. Sometimes, we get disconnected from the meeting. And because of it, we are marked absent. Most of the times, voice gets crack and image becomes blurr. Some of the students try to connect to the meeting, but often are unable to do it. And the pathetic situation is faced by students who don't have personal cellphone. The worst condition we faced during examination. Because mostly all the students filled the exam form, but due to poor connection, it was not submitted, so marked absent. These are the major problems faced by students of FYBSc. I request you to please take certain actions so that we can concentrate on our studies.

Thanking You,

Subject : Application regarding technical issues faced by students during online exams.

Respected Madam,

This application is to bring into your kind concern the technical issues that the students face during online exams.

The website crashes or does not open on time sometimes during the exam and this creates a lot of panic and stress for the students.

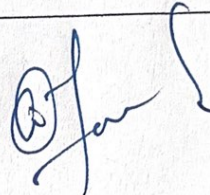

Secondly, the most important issue is that the students are inefficient in handling the website and therefore it creates a lot of mistakes while they give the exam. Hence it is important to ensure some prior instructions or guidelines as to how the website needs to be handled by the students so that it does not create last minute pressure on the students which eventually affects their results.

Hope that you will consider this soon and take the necessary actions.

Thanking You,

Your's Sincerely,
