Area of feedback	Average(out of 5)
System of monitoring student's progress	3.17
Competence and commitment of faculty	3.33
Encouragement provided for student's participation	3.00
Infrastructural facilities	3.33
Library facilities	3.33
Computer and internet facilities	3.5
Canteen facilities	3.00
Enhancement of student's personality	3.00
Value based education	3.00
Discipline practices	3.33
Career counseling cell	3.17

It was observed that overall performance of college from the point of view of stakeholders was above average. But there are few area of concern that were noted with its possible solution.

Canteen: canteen needs special attention as it stands in owest score category. College is trying to appoint new catering services.

Enhancement of student's personality: due to limitation of online mode few activities were conducted. College s planning to increase extra-curricular activities.

Value based education: another drawback was value based education. College is planning more co-curricular activities and value based programs.

Encouragement for students participation: college is planning to increase students participation in all the areas of education with the help of various activities centered around them.

No suggestion was provided by stakeholders.
